If you are experiencing a medical emergency call 911.

Emergency Services Department - (951) 486-5650

Hours: 24 hours a day, 7 days a week, 365 days a year

Riverside County Regional Medical Center (RCRMC) is a Level II Trauma Center with a helipad located directly adjacent to the facility. The Emergency Department (ED) is comprised of 40 treatment areas with the ability to expand to 80 under surge capacity. There are six acute trauma beds, three acute cardiac beds and six other specially monitored beds for acute patients. The 25 general exam rooms include a decontamination room, security rooms, an ENT, cast room, and forensic exam room.

The Emergency Department at Riverside County Regional Medical Center is dedicated to providing comprehensive emergency care to a diverse adult and pediatric population. Our annual patient visits total 77,000 with a projected growth of 5% annually.

- Level II Adult and Pediatric Trauma Center.
- Forty treatment beds with capabilities of expansion to 100 treatment areas during surge.
- Affiliated with Loma Linda University and a teaching facility.
